TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Consolidated Notice of Receipt of Application and Intent to Obtain Permit and Notice of Application and Preliminary Decision

Air Quality Standard Permit for Concrete Batch Plants Proposed Registration No. 135011L002

Application. Duinincq, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for an Air Quality Standard Permit, Registration No. 135011L002, which would authorize construction of a temporary concrete batch plant located at in the southwest quadrant of the intersection of U.S. Highway 287 and Texas Highway 101, Sunset, Montague County, Texas 76270. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=33.44926&lng=-97.77463&zoom=13&type=r>. The proposed facility will emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on July 12, 2017. The executive director has completed the administrative and technical reviews of the application and determined that the application meets all of the requirements of a standard permit authorized by 30 TAC § 116.611, which would establish the conditions under which the plant must operate. The executive director has made a preliminary decision to issue the registration because it meets all applicable rules. The application, executive director's preliminary decision, and standard permit will be available for viewing and copying at the TCEQ central office, the TCEQ Abilene regional office, and the Bowie Public Library, 301 Walnut Street, Bowie, Montague County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Abilene Regional Office, 1977 Industrial Blvd, Abilene, Texas. Visit www.tceq.texas.gov/goto/cbp to review the standard permit.

Public Comment/Public Meeting. You may submit public comments or request a public meeting. See Contacts section. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments or meeting requests is 30 days after newspaper notice is published.** Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to consider in the permit process.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. If a public meeting is held, the deadline to submit public comments is extended to the end of the public meeting.

Contested Case Hearing. You may request a contested case hearing. The applicant or the executive director may request that the application be directly referred to a contested case hearing after technical review of the application. **The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published.** A contested case hearing is a legal proceeding similar to a civil trial in state district court. **If no hearing request is received within this 30 day period, no further opportunity for hearing will be provided, and the executive director may approve the application. If a hearing request is received within the 30-day period, then the time period for requesting a contested case hearing will be extended to 30 days after the mailing of the executive director's response to comments.**

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. To request a hearing, a person must actually reside in a permanent residence within 440 yards of the proposed plant. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and registration number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must be identified. You may submit your proposed adjustments to the application which would satisfy your concerns. See Contacts section.

TCEQ Action. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The executive director's decision on the application, and any response to comments, will be mailed to all persons on the mailing list. If no timely contested case hearing requests are received, or if all hearing requests are withdrawn, the executive director may issue final approval of the application. If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

Mailing List. You may ask to be placed on a mailing list to receive additional information on this specific application. See Contacts section.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the link, enter the registration number at the top of this notice.

Contacts. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this application or the permitting process, please call the TCEQ Public Education Program toll free at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Duinincq, Inc., P.O. Box 735, Roanoke, Texas 76262-0735 or by calling Mr. John E. Rantz, Environmental Consultant, R2M Engineering LLC at (806) 783-9944.

Notice Issuance Date: August 21, 2017

THE BOWIE NEWS

The Bowie News has an immediate opening for an *sports reporter*

This job would involve covering eight school districts in the county in all aspects and levels of sports.

The Bowie News is the only twice-weekly and the largest community newspaper in the county.

Local schools are a primary focus of our sports coverage, so we work to build strong relationships with all of the districts.

The person should be experienced in InDesign, Photoshop, as well as photography and knowledge of AP style.

The applicant should be someone who can work with a newsroom team, and also be a self-starter who can take the initiative.

Organizational skills and ability to meet deadlines is vital.

All these skills will provide a strong leader in the newsroom. Salary is commiserate with experience.

Send resume, references and work samples to:
Barbara Green, editor@bowienewsonline.com
