NOTICE OF APPLICATION FILED WITH THE PUBLIC UTILITY COMMISSION OF TEXAS

On November 30, 2018, Oncor Electric Delivery Company LLC ("Oncor"), Sharyland Distribution & Transmission Services, L.L.C. ("SDTS"), Sharyland Utilities, L.P. ("Sharyland"), and Sempra Energy ("Sempra") (collectively, "Joint Applicants") filed a Joint Report and Application for Regulatory Approvals ("Joint Application") with the Public Utility Commission of Texas ("PUC" or "Commission"), copies of which are kept at Oncor's office at 1616 Woodall Rodgers Freeway, Suite 6000, Dallas, TX 75202. The Joint Application requests Commission approval of three transactions (the "Proposed Transactions"), as described below, that will result in SDTS becoming an indirect wholly owned subsidiary of Oncor that will own transmission and distribution assets held today by Sharyland and SDTS in central, north, and west Texas, and Sharyland will remain a utility in south Texas, with Sempra owning a 50 percent indirect interest in Sharyland. First, Sharyland will transfer its assets in north Texas, along with associated assets, liabilities, and working capital, to SDTS. In return, Sharyland will receive all of SDTS's assets located in south Texas. In connection with this asset exchange, Sharyland's equity interest in SDTS will be cancelled, and the certificates of convenience and necessity of Sharyland and SDTS will be amended to authorize the "North Texas Utility" (referring to the post-closing assets to be owned by SDTS) and the "South Texas Utility" (referring to the post-closing assets to be owned by Sharyland) to own, operate, and maintain their respective post-exchange assets. Second, Oncor will acquire InfraREIT, Inc. ("InfraREIT") and InfraREIT Partners, LP and, as a result, will own and operate all of SDTS's post-transaction assets. Finally, Sempra will purchase a 50-percent indirect limited partnership interest in a newly formed Delaware limited partnership expected to be named Sharyland Holdings, LP, which will own a 100-percent interest in Sharyland. The Joint Applicants also request Commission approval of certain regulatory terms listed in Exhibit A to the Joint Application, some of which are regulatory conditions to closing.

The Joint Application does not seek Commission approval of a modification to Oncor's rates. Oncor is requesting a Commission finding, however, that Oncor may consolidate the North Texas Utility's wholesale transmission rates with Oncor's rates as part of Oncor's next base-rate case. Oncor also requests Commission approval to establish a regulatory asset to track any make-whole payments or other expenses that may be required to extinguish, transfer, or restructure the debt of InfraREIT and its subsidiaries under the Proposed Transactions, so that Oncor may seek recovery of that regulatory asset in its next base-rate case. The Joint Applicants also seek Commission approval to split the current Sharyland wholesale transmission service tariff into two separate tariffs—one for the North Texas Utility and one for the South Texas Utility—which rates, when taken together, would be equal to Sharyland's rate in effect at the time the Proposed Transactions close.

Any person wishing to intervene in this proceeding must file a written request with the Public Utility Commission of Texas, 1701 North Congress Avenue, P.O. Box 13326, Austin, TX 78711-3326, no later than January 4, 2019. This case has been assigned PUCT Docket No. 48929. Further information may also be obtained by calling the Public Utility Commission at (512) 936-7136 or (888) 782-8477. Hearing- and speech-impaired with text telephones (TTY) may contact the Commission at (512) 936-7136.

ONCOR ELECTRIC DELIVERY COMPANY LLC, SHARYLAND DISTRIBUTION & TRANSMISSION SERVICES, L.L.C., SHARYLAND UTILITIES, L.P., AND SEMPRA ENERGY
